THE NEW

Datura Cornucopia.

(HORN OF PLENTY.)

In the wilds of South America, the past year, an old and experienced collector of Orchids came upon a floral gem which, while out of his usual line, impressed him so much with its beauty, magnificence and striking appearance, that he secured all the obtainable stock and sent it to us for introduction in this country. The singular form, gigantic size, striking colors and pleasant odor of the flower make this novelty most conspicuous. We have grown it at our nurseries during the past Summer, where it has been seen by many of the leading seedsmen and florists of this country and Europe, and considered the most desirable novelty of recent years.

The plant is of a very robust habit. The stem is thick, dark brown purple, shining as if varnished. The branches are very numerous, spreading symmetrically three or four feet in every direction. The leaves are large, of a dark green color.

The flowers are trumpet-shaped, measuring eight to ten inches in length and five to seven inches across the mouth, and form three distinct flowers, growing each within the other, the throat and mouth of corolla, a most delicate French white, beautifully contrasted and marbled with royal purple on the outside. Produced in great abundance. Plants ready February 1st. **Price, 15 cents each: $1.50 per dozen: $10.00 per 100**

GERANIUM.

"THE WONDER."

This new Geranium, without doubt, is the finest that has ever been offered, came from France in a lot of fine sorts, and is supposed to be a sport from the scarlet Geranium, Athelete.

It being so intense in color, such a wonderful bloomer and strong grower that it was kept separate and styled "The Wonder," from the fact that everyone who saw it pronounced it wonderful.

The artist has copied exactly in size, an ordinary truss. The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from 18 to 20 inches in circumference with single florets measuring 7 inches in circumference. The foliage is fine, and rich in color, and in strong contrast to the brilliant scarlet flowers.

As a pot plant or a bedding Geranium, it has no equal. **Price, 20 cents each; $2.00 per dozen.**

☞The Great Bedding Geranium.

BRUANT.

The giant among Geraniums. We consider this the bedding Geranium of all varieties. The plant rebounds in vigor, foliage, and all the qualities that go to make the perfect bedder that it is. Fine also in pots. It is of the semi-double type (the most striking of all), only the double form takes place near the base of the petals, allowing them free development, and at the same time showing the semi-double type. It embodies all the advantages of both types, the perfect development and free-blooming qualities of the singles, the fullness and beauty of the doubles, without their great fault of having the florets damp and drop off and become unsightly when planted outside. **Price, 60 cents per dozen; $5.00 per hundred.**

The Incomparable Single-Flowerered

Salmon Geranium, Mrs. E. G. Hill.

There has never been a salmon-colored Geranium to equal this, although it has been introduced some four years ago, and it is rarely offered in wholesale lists, because it is at once picked up by market-growers. We have a nice lot growing, and think we will be able to meet the demand. For those unacquainted with the variety we would say it is a most distinct and pleasing shade of salmon, with light shading at the center. Trusses are large, and composed of an immense number of florets. The finest salmon-flowered Geranium to date. **Price, 60 cents per dozen $5.00 per hundred.**

Heteranthe---(Double General Grant.)

Bruant. We consider this the best bedding Geranium of all varieties. The plant redounds in vigor; foliage is strong, striking and of perfect habit. Color of the flower is a bright vermillion red, of most pleasing shade. The flowers are absolutely perfect in shape, color and make-up; trusses exceptionally large and borne in immense spherical balls, often measuring eight inches in diameter. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedder that it is. **Price, 50 cents per dozen; $4.00 per hundred.**

GERANIUM, THE WONDER.

WHITE SWAN.

In the White Swan we have the finest double white Geranium ever introduced, and, unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact growing variety, with handsome, banded foliage, of a light and healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotless, snowy-white, retaining their pure whiteness even in the heat of Summer. **Price, 50 cents per dozen; $4.00 per hundred.**

SOUVENIR DE MIRANDE.

The greatest novelty in new Geraniums that has appeared for a number of years is undoubtedly Souvenir de Mirande. It is entirely distinct from any other variety known, and is quite different from the usual market varieties that have from time to time made their appearance. It has round florets, upper petals cream white, with a distinct rosy-pink border; lower petals salmon rose, streaked with pure white. A

FIVE GRAND MARKET GERANIUMS.

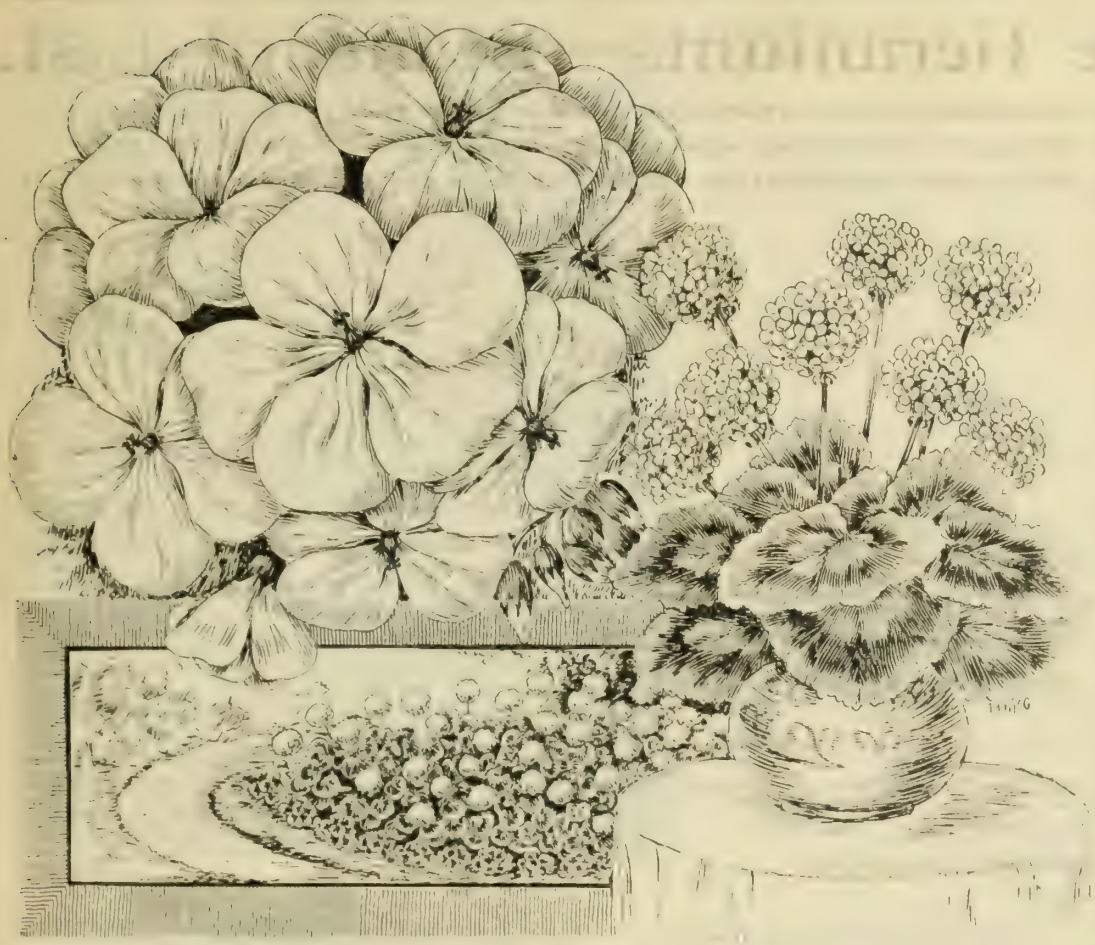
novel color. It is extremely free-flowering, and produces fine trusses of magnificent blooms. **Price, strong plants, 50 cents per dozen; $4.00 per hundred.**

FIRE BRAND.

Color a dazzling flame scarlet, fine, prominent truss, flowers large and of great substance, an excellent bedder and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants from its sturdy branching habit to give effect. **Price, 50 cents per dozen; $4.00 per hundred.**

EMIL DE CIRARDIN.

The finest of all double pink Geraniums for market, and the best pot variety of this color; a fine strong grower with bright green foliage and enormous trusses of rice-colored flowers, well above the foliage. **Price, 50 cents per dozen; $4.00 per hundred.**



MARGUERITE DE LAYRES.

The Beautiful Single White

Marguerite de Layres.

We have a most beautiful pure white Zonal in this splendid variety. It seems as though Messrs. Bruant and Lemoine were running a race on the single white Geraniums; for in this and the variety La Vestale, of Lemoine, we have two superb varieties for this year. There is little choice between the two, but if any thing La Vestale perhaps leads for the open ground, whilst Marguerite de Layres is the finest for pot culture we have had for years. **Price, 50c. per doz.: $4 per 100.**

The Finest Double White Geranium for Bedding or Cemetery Planting.

LA FAVORITE.

This is without any doubt whatever the best double white Geranium ever introduced. It is so far ahead of all others that a comparison is not necessary. Many extra fine plants have some weakness. This has not, being a strong grower, a profuse bloomer, and reliable in always coming perfect in color and substance. The trusses are very large. Flowers beautifully formed, of the purest white, and retains its color in the sun, not drawing to a pinkish color as does White Swan. **Price, 50 cents per dozen: $4 per 100**

OTAHEITE DWARF ORANGE.

Among the new varieties of oranges that have been recently introduced from Japan and other countries, there is one dwarf free-flowering variety, which is suitable for pot culture, and which, with any one, prove one of the most desirable pot plants it is possible to possess. We refer to the Japanese Otaheite. While it will grow three or four feet high and branch freely, it is not an uncommon thing to see little cutting plants five or six inches in height full of bloom, and even bearing one or two medium-sized oranges. The fruit at their best are not more than half the size of any ordinary orange, but are very bright and beautiful in color and delicious in quality, but it is for its flowers more than its fruit which commends it to general cultivation. When it blooms it is so full that it seems to be all flowers. The pure waxy white blossoms emit a delicate yet powerful fragrance, which is surpassed by no other flower. Two and a half inch pots **60 cents per dozen; $4.00 per hundred.**

This variety must not be confounded with the old Manettia Cordifolia, as it is far superior to the old variety. Price, young plants **50 cents per dozen; $4.00 per hundred.**

When fully developed they rise to a conical or sugar-loaf form, and well grown specimen will cover a silver dollar. LIST OF NEW ROSES,

AT PRICES QUOTED.

AND ROSES OF SPECIAL MERIT.

* * * * * * * *

New Forcing Rose, KAISERIN AUGUSTA VICTORIA.

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have white Roses that have elegant buds, but when full blown are not all that is desired. Then again, we have white Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is continuous blo mer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open. Color a pure snowy-white. **Price, $1 per doz.; $8 per hundred.**

New Golden-Yellow Tea Rose, MEDIA.

There is no denying the fact that yellow and white Roses are admired by every one, but the yellow has the more admirers of the two. The size and shape is all that could be desired; full, round flowers of the largest size, perfectly double to the center, and the fragrance is elegant. The growth is vigorous, while the foliage is of that beautiful tint of green that goes so well with yellow. **Price, 75 cents per dozen; $5.00 per hundred.**

New Forcing Tea Rose, Md. Pernet Duchere.

A charming new Tea Rose, canary yellow, suffused with copper, long, pointed buds on every shoot. Is a wonderful bud producer. Inclined to come somewhat single during hot weather. It is a favorite forcing Rose in Europe, and no doubt will become very popular here when better known. **Price, 75c. per doz.; $6.00 per 100.**

New Forcing Tea Rose, Christine de Noue.

(The Double Papa Gontier.)

This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introductions. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright, deep green foliage. A constant and very free bloomer. The flowers are well borne up on strong stems, and are usually large and handsome. It is a very double Papa Gontier, and will be splendid for forcing. **Price, 75c. per doz.: $5 per 100.**

New Forcing Rose, BRIDESMAID.

A new Rose. A sport from that old standby, Catherine Mermet. This variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Catherine. All know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more cut bloom is sold by the flower dealer of it than any pink Rose. Why? Because the bud is of exquisite shape and contour, so solid and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It has, though, with all these good qualities, a serious defect, namely, "off color." This is noticeable more in dark, cloudy weather, but is true of the Rose at all times. Now, this is why the Bridesmaid will supercede the Mermet. It is about two shades deeper in color—just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. **Price, two and a half inch pots, $5.00 per hundred.**

New Hybrid Tea, Triumph de Pernet Pere.

The flowers are extra large, having broad, thick petals and long, tapering buds, with delicious Tea fragrance. Color a fine, clear magenta red, sometimes passing to a bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. **Price, 75c. per doz.; $6 per hundred.**

New Tea Rose, MADAME ELIE LAMBERT.

A beautiful new Tea Rose. The colors are not particularly remarkable—scarcely unusual—and yet we have no hesitation in recommending it as one of the most beautiful and valuable Roses of which we have any knowledge. The flowers are extra large, fine, globular form, very full and well built up. The French description says it is the absolute perfection of form. The color is somewhat in the way of Madame de Watteville, but deeper; rich creamy-white, faintly tinted with pale golden-yellow, and exquisitely bordered and shaded with soft, rosy-flesh, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. **Price, 75 cents per dozen; $5.00 per hundred.**

CALIFORNIA'S NEW ROSE, THE RAINBOW.

This new Rose from California, which, no doubt, will be extensively planted, was awarded a silver cup by the State Floral Society. The color is a lovely shade of deep floral pink, striped and mottled in the most unique manner with intense crimson, and elegantly colored with rich, golden-amber at center of base of petals. It makes beautiful buds, and the flowers are extra large, very sweet and of great depth and substance. **Price, 75 cents per dozen; $6.00 per hundred.**

NEW ROSE, HENRY M. STANLEY.

This grand new ever-blooming Rose was raised from Madame Lambert and Countess Riza du Parc, and named in honor of the great African explorer, and is recommended as a charming variety of unusual beauty and permanent value. The color is a rare shade of amber rose, delicately tinged with apricot-yellow towards the center. Reverse of petals clear buff rose. The flowers are of good substance, extra large, finely formed, and very full and fragrant. **Price, 75 cents per dozen; $5.00 per hundred.**

NEW TEA ROSE, FURSTEN BISMARCK.

A very variable-colored Rose, changing from China Rose color to cherry red, the whole suffused with lemon. A strong, vigorous new variety from Germany. This is a very promising variety, one of the best new Roses. **Price, two and a half inch pots, 75 cents per dozen; $5.00 per hundred.**

New Tea Rose, Madame Martha Du Bourg.

One of the most exquisite of the new Roses. The habit and foliage are beautiful, denoting a ready grower. The flower is large, perfectly double, and of rounded form: the outer petals recurved at the edges, showing a nicely pointed center. The color is creamy-white, touched with pale heliotrope on the edges; texture heavy; a very promising Rose. **Price, 60 cents per dozen: $4.00 per hundred.**

NEW TEA ROSE, J. B. VARRONE.

A fine grower, flower very large and double, with high center opening from long buds. Color a soft China rose, changing to bright, deep carmine of even shading. An extra good Rose, and very sweet. Much superior to Luciole, which it greatly favors, but of a better growth and much freer in blooming qualities. A grand new Rose. **Price, 75 cents per dozen; $5.00 per hundred.**

New Ever-Blooming Rose, Crown Princess Victoria, or White Malmaison.

It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is a pure, waxy, snow-white, sometimes has a lemon tint, and to those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Certainly a grand acquisition. Resembles that grand old Rose "Malmaison" in shape and fullness. The best white Rose we have to offer you. **Price, 75 cents per dozen: $5.00 per hundred.**

NEW TEA ROSE, "SNOWFLAKE."

(Marie Lambert.) This is a lovely white Rose, a pure Tea, the freest flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per one hundred buds. Not only will it cover twice and three times the space, in a funeral design for instance, that a Carnation covers, but will give greatly superior results. **Price, 10 cents each; 50 cents per dozen; $4.00 per hundred.**

NEW TEA ROSE, LUCIOLE.

A new French Tea Rose of much more than ordinary merit, very bright carmine rose, tinted and shaded with saffron, the base of the petals being copper-yellow, with reverse a rosy-bronze, large, pointed, very double, and very sweet-scented; flower stem roughened like a Moss Rose, the coloring is entirely new and very brilliant The open Rose reminds one of a ripe, red peach. No rose equals it in its delightful color and size of buds. **60 cents per dozen; $5.00 per hundred.**

New Ever-Blooming Rose, MRS. DeCRAW.

Everybody wants a hardy, ever-blooming Rose, and we now offer the grandest of this class. From early Summer until frost it can be depended upon to produce flowers of large size and exquisite fragrance in lavish abundance. In color it is a rich, glossy pink. It is such a strong grower that it is almost impregnable against attacks of insects. For garden or cemetery plots it has no equal. It is a royal Rose. **Price, 50 cents per dozen: $4.00 per hundred.**

JOSEPH METRAL.

This is a strong, vigorous Rose, with fine, rich foliage. Flowers unusually large and of good form. Color magenta, passing to cerise red, shaded with purple. Received two medals of merit. **Price, 50 cents per dozen: $4.00 per hundred.**

REINE OLGA DE WURTEMBURG.

A splendid Rose, and should be grown where the Marechal Neil does not succeed This variety, as grown in the south of France, is simply indescribable. The people in the South would do well to employ this beautiful sort for covering verandas and trellises. Color a rosy-carmine, suffused with yellow. **Price, 50c. per doz.: $4 per 100**

MADAME ISAAC PERIERE.

Bourbon. One of the best Roses we have. Very hardy, and a constant bloomer It has large, beautiful foliage, and is a vigorous grower. The flowers are a beautiful carmine, and bloom throughout the season. **Price, 50c. per dozen: $4.00 per 100.**

Vigorous in growth and free in bloom. Flower double and of good form, of the color of Souvenir Therese Levet. **Price, 75 cents per dozen: $5.00 per hundred.**

NEW TEA ROSE, SOUV. DE CLAIRVAUX.

The flowers are extra large, having a deep, full form, well built up; the buds, too, are large, long and pointed, altogether giving an idea of luxuriant beauty that but few Roses possess. The color is bright pinkish rose, very rich and handsome, and shading darker or lighter, according to season and temperature; when fully open the base of center is seen to be finely shaded apricot yellow. **Price, 75c. doz.; $5 per 100.**

The Superb Market Rose, Clothide Soupert.

IT SUPERCEDES ALL OTHERS AS A MARKET ROSE.

The flowers are borne in sprays, very double and handsomely formed The outer petals are pearl-white, shading to a center of rosy pink, but varying sometimes on the same plant from pure white to deep silvery rose. A grand bedding variety. With the increased taste for Roses in clustered sprays this will be profitable as a cut flower **Price, 50 cents per dozen: $4.00 per hundred.**

The Fine Cemetery Rose, Madame Plantier.

Not a true Hybrid Perpetual. Blooms only in the Spring, but at that time is literally covered with pure white, perfectly double, fragrant flowers, which hang on for a long time. It makes large, dense bushes. As hardy as an oak. **Price, 50 cents per dozen; $4.00 per hundred.**

NEW TEA ROSE, THE QUEEN.

A most charming Tea Rose. The off-spring of that fine old rose, Souvenir d'un Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white ever-blooming Roses. **Price, two and a half inch pots, 50 cents per dozen: $4.00 per hundred.**

MONSIEUR FURTADO.

New Tea Rose, Comtesse de Frigneuse.

In color charming; in freedom of bloom, second to none. The buds are long and pointed, not unlike Niphetos in form, and of good size.
